

ACG WordPress Developer Job Description

ABOUT **ACCENT CREATIVE GROUP**

You spend a significant amount of time at work, so why not make it fun? Here at Accent Creative Group, we enjoy what we do, and it shows! Many clients say that's why they love working with us.

For more than 16 years Accent Creative Group has worked with clients in B2B companies, hospitality organizations and local government agencies across the state. Specialties include public relations, branding, print and digital marketing, web development and custom publishing. Our work has garnered more than 40 regional, national and international recognitions.

ABOUT THE CANDIDATE

We are looking for a WordPress Web Developer who is motivated to combine the art of design with the art of programming. Responsibilities will include translation of the UI/UX design wireframe to interactive and responsive web applications within a CMS. You will work with the UI/UX designer and bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works. The ideal candidate will be responsible for working on the development of all websites as well as deployment, testing, debugging, and troubleshooting. She/he will help design, develop, maintain and optimize secure applications not only for the web but mobile as well.

RESPONSIBILITIES:

- Strong HTML and CSS skills
- Lead development of web projects autonomously
- Execute development projects with efficiency and accuracy
- Expand web development skills in custom WordPress themes from scratch
- Adapt existing theme frameworks to create a unique client experience
- Launch websites and emails independently
- Maintain running websites
- Perform troubleshooting after launching and while hosting a website
- Tech-savvy professional, who is curious about new digital technologies and aspires to combine usability with visual design
- Able to create a functional and attractive digital environment for our company, ensuring a great user experience

EXPECTATIONS:

- Stay plugged into emerging technologies/industry trends and apply them into operations and activities
- Create and maintain training documentation
- Deliver sites on-time within budget

IMPORTANT INFORMATION:

Job type: Full-time

Education: Bachelor's or equivalent training

Start Date: ASAP

Rate: Salary DOE, plus benefits

REQUIRED SKILLS:

- Strong communication skills
- Must be able to demonstrate ability to code in JavaScript, HTML, CSS
- Experience developing and maintaining websites using Wordpress
- Ability to build and maintain websites, web-applications, and mobile apps
- Ability to build out a website from mockups
- Understanding of CI/CD to ensure seamless integration of new pages and features
- Curious creative and collaborator
- SEO understanding
- An understanding of DNS and installing SSL Certificates

DESIRED SKILLS:

- Experience building fully responsive websites
- Understanding of REST and other APIs
- Experience with WP Engine
- Experience or desire to learn how to build cross platform websites
- Experience with Adobe Indesign, Illustrator and Photoshop are a plus

HOW TO APPLY:

To apply, please send a cover letter, resume, and provide a portfolio of work to pam@accentcreativegroup.com.
